## PROJECTS

### **My Book Shop: An E-commerce Website Built using Python and Django**

- It offers a user-friendly space where book lovers can explore, discover, and purchase a wide array of books. The platform focuses on creating an engaging experience by providing personalized recommendations, easy browsing, and a smooth purchasing process.
- It aims to Help all kinds of readers discover books they'll enjoy and make finding favorite books easier for everyone.

## EDUCATION

### **M.Sc - COMPUTER SCIENCE**

Urumu Dhanalakshmi College

CGPA : 8.46/10

2021 - 2023

### **BCA - Bachelor of COMPUTER APPLICATION**

Srimad Andavan Arts and Science  
College

CGPA : 8.48/10

2018 - 2021

### **Crime Reporting and Immediate Response System (Built using Python and Django)**

- The automatic crime reporting system has an incredible potential. It assists informers in reporting crimes anonymously or by sharing their details via mobile phones. This system also aids police in ensuring proper security measures while decreasing manual work in crime reporting.
